A FEW THINGS ABOUT CHARLESTON CRAB HOUSE

All of our menu items are made with the freshest ingredients available to us, from the greens in our salads to the seafood on our plates. Some of our items are marked as market and their availability depends on Mother Nature, ocean temperature, tides, favorable winds, the Dow Jones Index, the price of tea in China and among other things, how lucky our fishermen are. If something is not available, we apologize.

We are constantly trying to do the best job for you that we can. If you have any suggestions as to how we can improve our food or service, please pass this valuable information on to us. We would appreciate it.

So relax and enjoy the food, the spirits and the fun. And we thank you.
